RE: [REDACTED] 9 YEARS  
[REDACTED] 8 YEARS

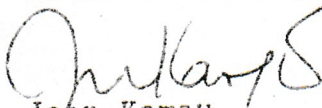

We introduce ourselves to your establishment and seek your assistance in the above matter. FIDA is a Voluntary non-Governmental, non-Profit making and non-Political body registered in Kenya as a society in 1987. It's Membership consists of women Lawyers and Law Students. The main objective of FIDA is to look into the rights and welfare of women and children by providing legal assistance and creating legal awareness. FIDA (K) established a permanent Secretariat manned by full time employees and is situated at Ngong Road, Off Kindaruma Lane, Adalyn Flats, P.O. Box 46324, Nairobi.

We are currently representing the family of Rosemary Nyambura following her death in police custody. She was the mother of the above named two children. She was murdered in police cells on the early morning of 10th May, 1992. She left behind four orphans, these two being the youngest. Unfortunately the family are of no means and the immediate aunties and uncles are not in a position to take in the children. We have send out a letter to the children's department and await hearing from them.

Can your establishment offer any assistance to these young children?

Your quick response will be highly appreciated.

Yours faithfully  
INTERNATIONAL FEDERATION OF  
WOMEN LAWYERS (K) CHAPTER.
